For the Attention of: Prim. Priv.-Doz. Stefan Rimbach - President

Dear Stefan,

The 26th ESGE Annual Congress will take place in Antalya, Turkey from 18th – 21st October 2017.

Our congress motto this year **East Meets West** truly represents the expansion of the Society and the increasing spread of the ESGE philosophy throughout the world.

This year, the congress will be incorporating the Annual Meetings of the Turkish Society for Gynecological Endoscopy (TSGE), the Middle East Society for Gynecological Endoscopy (MESGE) and the International Society for Gynecological Endoscopy (ISGE) and will also take place in cooperation with the Asia-Pacific Association for Gynecologic Endoscopy (APAGE), and the Indian Society of Gynaecological Endoscopy (IAGE).

With such an international line-up contributing, this congress promises a comprehensive scientific programme, bringing together the best of East and West.

We look forward to welcoming many members of the AGE to Antalya in October.

Yours sincerely,

Prof. Dr. Rudy Leon De Wilde  
ESGE President

Prof. Fatih Sendag  
Congress President
